Aarin Mahala

Founder & Developer @Stationerywala.shop Student at Government Engineering College, Barmer
Jaipur, Rajasthan, India

Summary

Second-year Computer Science student with a strong foundation in programming and algorithms. Passionate about software development, data analysis, and emerging technologies. Proficient in languages such as Python and Java, I enjoy tackling challenging projects and collaborating with peers. Seeking internship opportunities to apply my skills in real-world scenarios and further my understanding of the tech industry. Excited to connect and share insights with fellow tech enthusiasts!

Experience

stationerywala.shop

Founder

January 2026 - Present (2 months)

NSS UPES

Volunteer

September 2024 - August 2025 (1 year)

Barmer, Rajasthan, India

The ideological orientation of the NSS is inspired by the ideals of Mahatma Gandhi. Very appropriately, the motto of NSS is "NOT ME, BUT YOU".

Unified Mentor Private Limited

Intern

June 2025 - July 2025 (2 months)

During my one-month internship at Unified Mentor, I had the opportunity to work as a Full Stack Developer, where I contributed to two hands-on projects from end to end.

Personal Portfolio Website – I designed and developed a responsive personal portfolio web page showcasing projects, skills, and resume integration.

The frontend was built using HTML, CSS, and JavaScript, with React.js for component-based design. I focused on performance, user experience, and deployment via Vercel.

Web Calculator App – I built a dynamic web calculator application using React for the frontend and integrated backend logic using Node.js and MongoDB for tracking inputs and saving user history. This project helped me strengthen

my understanding of CRUD operations, component architecture, and state management in React.

Throughout the internship, I collaborated with mentors, used Git/GitHub for version control, and gained experience in deploying full-stack apps on modern cloud platforms.

Education

Mugneeram Bangur Memorial University (M.B.M University), Jodhpur
Bachelor of Engineering - BE, Computer Science · (September 2023 - October 2027)
